

DOMINION ENERGY IS ASKING THE SCC TO CHARGE CONSUMERS MORE!

Dominion Energy Virginia is looking to raise our base rates AND charge customers who want to opt-out of a "smart" meter (that we never wanted in the first place!)

BACKGROUND

- Dominion Energy has petitioned the Virginia State Corporation Commission (SCC) to revise its advanced metering infrastructure (AMI) or smart meter opt-out policy.
- **Under the revised policy, customers requesting to opt out of a "smart" meter installation will be charged a monthly fee of \$10.35**
- Dominion is also seeking approval to increase the basic monthly customer charge for residential customers receiving service under Schedule 1. **The company proposed to increase the basic charge from \$7.58 to \$9.05, effective January 1, 2025**
- The SCC has scheduled a public witness session to begin at 10 a.m. on November 20, 2023.
- Public witnesses intending to provide oral testimony must pre-register with the SCC by 5 p.m. on November 15, 2023.
- The hearing will be webcast at: scc.virginia.gov/pages/Webcasting

WHAT CAN YOU DO?

1. Register to provide oral testimony

- Public witnesses wishing to provide oral testimony may pre-register in one of three ways:
 - Completing a public witness form for case number PUR-2023-00101 on the SCC's website at: scc.virginia.gov/pages/Webcasting
 - E-mailing the same form (PDF version on the same website as above) to SCCInfo@scc.virginia.gov
 - Calling the SCC at 804-371-9141 during normal business hours (8:15 a.m. – 5 p.m.) and providing your name and the phone number you wish the Commission to call to reach you during the hearing

- Each witness will be allotted five minutes to provide testimony.

2. Provide written testimony

- Written comments may be submitted through the SCC's website by November 20, 2023, at scc.virginia.gov/casecomments/Submit-Public-Comments.
 - Go to the SCC website, select "Cases" and then "Submit Public Comments," and scroll down to case number PUR-2023-00101. Then click SUBMIT COMMENTS.
- Comments can also be submitted by U.S. mail to:
 - Clerk of the State Corporation Commission, c/o Document Control Center, P.O. Box 2118, Richmond, Virginia 23218-2118.
 - All comments must refer to case number PUR-2023-00101

3. Provide Virginians for Safe Tech with your Testimony!

- Visit VirginiansforSafeTech.org to submit your testimony so we can provide the SCC with a written copy as well!

DOMINION'S OPT-OUT METERS STILL...

- Put dirty electricity on the wiring throughout the home
- Collect detailed information about electricity usage within the home using electronic signatures of all devices and appliances
- Do not have ANY grounding or surge protection and pose a huge fire risk
- Are installed WITH the two-way communicating smart chip deactivated (which can be activated at any time)
